

Information For Clients:

Fly Repellent Recipe

- 4 Fluid Ounces (100ml) Citronella Oil BP (available from the Surgery)
- 8 Tablespoons vinegar
- 4 Tablespoons methylated spirit
- 2 Tablespoons washing up liquid
- 2 Cups of Black Tea

Add water to make up to a volume of 6 pints – a 6 pint milk bottle is ideal. The mixture should be applied generously by sponge or sprayed through a plant sprayer (obtainable from the garden centre).

Avoid eyes and open wounds.
